COMPANY ACTIVITIES

The Directors regret that since 2013 company is closed, even Assam State Electricity Board has disconnected the power supply. We have informed you earlier also that there are various adverse factors for the unit to be operational economically such as

- non-availability of sufficient funds and working capital
- logistic disadvantage
- non-availability of raw material from nearby area as transporting from other part of the country is too expensive
- company produces yarn and since there are no weaving units around, so there is no ready market for our produced yarn forcing us to sell the products in the western part of the country incurring huge cost towards transportation.

The capacity of our plant is comparatively very less now as other units in the country are much larger and their cost of production is much in control. International financing was also planned which did not materialize inspite of signing MOU and foreign party spending money on Due Diligence. Since this is the only Joint Sector undertaking in Assam, taking into consideration of employment, supporting handloom and weaving activities and in line with Central Government's approach of supporting textile related activities, we approached through our co-promoter Assam Industrial Development Corporation to Government of Assam to support and provide us funds for revival in early 2014. Government started studying the possibility of revival of the unit with total value-added machines to be installed to produce not only POY yarn but final yarn which can be used in handloom and

powerloom around the area. There was a large liability of workers including statutory liabilities but because of political compulsion unit had to be revived, that was the approach of Government. It took more than 2 years in pursuing the Government to come and help the unit where they were pursued to part with specific purpose funds for One Time Settlement of outstanding OCCDs with interest. It is known to all of you and even to the Government of Assam that Private Promoter has organized upfront money to be paid to all lenders for achieving CDR in 2010 from NBFC. The amount was received in September 2010. Since then interest on borrowed money is a liability of the company.

In this circumstances, we still continued to pursue Government of Assam who in turn agreed to support the company financially and release funds for specific purpose. The revival proposal was approved based on financials including idle period cost and statutory liabilities and based on assumptions, Company will re-start production by September 2014. However, the actual funds released by Government and received by the company only in February 2016. In the meantime, Company's interest cost of NBFC loan, labour cost and idle period cost went up substantially. It will not be out of place to mention that because of Joint Sector, company could neither retrench nor could declare lock out and even could not rationalize the labour forces. Under the Government direction, being Joint Sector company, we could not give lay-off to workers and workers liability mounted even during period when ASEB disconnected the power supply and the company's operation was totally stopped resulting into non – generation of income.

Since money has received for specific purpose of settlement of OCCDs for Rs.15 crores, idle period cost, workers/statutory liabilities, some funds were released for specific purpose for value-added machineries to be used for making yarn for handloom units.

ONE TIME SETTLEMENT WITH BANKS AND FINANCIAL INSTITUTIONS

Due to our poor performance for a long time and stoppage of work at factory made us unable to repay OCCD's issued to various CDR lenders in terms of the earlier CDR settlement. Our account was classified as NPA and therefore it was not possible for the Company to raise finance on the basis of its own strength. As we are a joint sector company we approached to Government of Assam for financial assistance towards rehabilitation of the company. As settlement with the lenders was essential for rehabilitation of the Company the government of Assam was kind enough to sanction the OTS amount for payment to all the OCCD lenders at 20% of the principal amount of OCCD (Interest to be waived fully). We are happy to inform that 92.78% of the OCCDs has been settled and balance 7.22% is expected to be settled shortly.

Annexure – B to the Independent Auditors’ Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub - section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Prag Bosimi Synthetics Limited (“the Company”) as of 31st March, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of

collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India
